

24 March 2020

Dear Customer

Impact of Coronavirus

We are writing to you about some changes we need to make in order to protect you, our customers and our staff. This means a change to the way we deliver our services during these unprecedented times. The last few weeks have been a very challenging time for our business as well as the whole country and there is likely to be uncertainty for the weeks ahead.

This letter is to give you some reassurance that we have your interests at heart, but we must make some difficult decisions about the way operate. The advice and guidance is changing daily and our Board and Leadership Team are in constant contact to in order to update our contingency plans.

Our Staff and Visits to the Office

Our office is closed to the public and there are no face to face meetings. From Tuesday 24 March 2020 all of our staff will be working from home. This has been a difficult decision for us, but we have put plans in place to minimise disruption to our customers.

Contact details for our key staff are included within this letter. You will still be able to contact us by telephone, text, e-mail and letter. At this time, we are unable to say when the office will re-open, so please check our website and social media pages for updates.

Repairs Service

Where possible, we are trying to maintain our repairs service but would appreciate if you only contact us about emergency common repairs.

- **Freephone Repairs** **0300 303 1703**

You can also contact:

- Lift maintenance – City Building 0800 595 595
- Transco – if you have a gas leak 0800 111 999
- Scottish Power – if there is power loss in your local area 08452 727 999
- Scottish Water – if there is a loss of water supply in your local area 0845 600 8855

If you need to report a repair, our repairs staff and our contractors will ask you some screening questions before arranging to visit your home. If you or anyone in your household is self-isolating or displaying symptoms of Coronavirus then you must let us know.

Our contractors have asked us to remind customers of the importance of 'social distancing' when they call at your home to carry out a repair – this requires that you maintain a distance of at least 2 metres from the visitor. This measure is to protect you as well as the contractor.

For Factoring Customers Paying your bill

We understand that this is an anxious time for all of us and are aware that a number of you may be experiencing recent financial changes and your income might be affected.

Please contact a member of our factoring team as soon as possible if you need help or advice to discuss any concerns or difficulties with paying your factoring bill.
